

KATHERINE C. HAROLDSON

Dear Lucien,

Thank you so much for the beautiful plant you sent to Persimmons. It really brightened things up quite a bit & made us realize we need a few more.

Many thanks to you & your whole crew for the fantastic effort & wonderful craftsmanship that went into this building. I hope it will be something we will all be proud of for years to come.

After Friday & Saturday night's events we have a nice long list of things to help be a better product.

Thanks so much for your part in it.

Fondly
Katherine
